Prayer League Finds Way to Care for Tots While Mothers Earn.

In addition to the care of the children, lunch will be served at the moon hour, so that mothers employed may see their children when they drop in for lunch, if their work permits. There will be no charge for the lunch, either. The need for a free day nursery has been felt for some time, as there are many mothers with children too small to leave at home alone, who must support themselves, and who are handicapped in obtaining remunerative work because there is no place to leave their dependent ones. Such cases are frequently reported at the noonday prayer meetings, Dr. Cox says.

The acquisition of the new property will make possible the development of many new lines of church work that Dr. Cox has had in mind for some time especially in connection with the noon prayer meeting and the Sunday school. The Central Baptist Sunday school. The Central Baptist Sunday school has greatly evercrowded its facilities. The 16 rooms of the new property will provide individual classiforms for the classes in the graded departments and greatly relieve the congestion in the main Sunday school room. A covered passageway will be put in at once, connecting the Sunday school room directly with the addition.

Dr. Cox is moving his study and office from the basement flowr of the church to the new location, which will add considerable space to the noemday prayer meeting room. More room has been badly needed since the attendance of the meeting has grown to its present standing.

NOT A WELL DAY IN 10 YEARS; PERSUADED TO TAKE GENLAX

Another Name Added to the Long List for Whom Genlax Has Worked Miracles.

Miracles.

J. J. Norfleet, 1399 Kentucky Ave., Memphis, has taken the trouble to write the makers of Genlax a letter thanking them for doing so much for his wife. He says: "My wife suffered for len years from two operations. Had not spent a well day in all that time, although taking treatment from different doctors. She suffered from stomach trouble, sick headache and indigestion. Finally, she got so she could not eat anything but raw eggs.

"I bought a bottle of Genlax and persuaded her to take it. Sick headaches stopped, can now eat anything, is in the best of health and has gained fifteen pounds."

The reason for this is an open secret to the Genlax man. Genlax contains those ingredients that assist nature and build up the constitution. Most people who are sick are only badly run down. Often one bottle of Genlax, which costs a dollar, will put them in health, though it is better to keep the treatment up until six bottles have been taken.

There's nothing secret about Genlax. It's a prescription that physicians have probably used a thousand times. The Genlax man merely makes thousands of bottles of tat a time and thus gets it in the hands of the people. The family take it. It may be the one medicine you need, certainly it can do the smallest child no harm. Druggists everywhere sell it, or will gladly get it for you. In Memphis it is soid by Moseley-Robinson's, Battier's, Hamber-Ballard's. Washburn-Lyle's and other good stores all over town. Druggists are supplied by Hessig-Lillis, Van Vleet-Mansfield and Ellis-Jones Drug Co. In case you live where there is no druggist, send direct to the makers, Benson & Benson, Memphis, Tena. Large bottle, postpaid, one dollar; six bottles (the full course) for five dollars.

In order to introduce this, my easy payment plan, I am making sweeping reductions in all prices. Cash and easy payment work will be the same. There will be no difference in price.
